Goals/Objectives:

[Audio \(MediaPlayer\)](#) [Audio \(local player\)](#)

- Building Community: Getting to know your teacher and virtual peers, and sharing information about yourself.
- To ensure competent use of a basic word processor as a tool to enhance communication (copy/paste text and images, formatting, use of color).
- To demonstrate understanding of the "SK Online orientation material" relating to school policies and requirements for participation.

Lecture:

[Audio \(MediaPlayer\)](#) [Audio \(local player\)](#)

Before getting into this course you will have an opportunity to share some of the following information about yourself.

- What is your class schedule or courses you are currently enrolled in?
- What are your hobbies and interests?
- What are some of your goals in life?
- Since it is important that one know how to copy and paste both text and graphics from a web site in to a document, this skill will also be an important part in this first lesson.
- **When done, you will be asked to upload this document to your instructor.**
